PERMIT APPLICATION PUBLIC NOTICE**

November 30, 2007

Permit Number: OCRM-07-282-T
Permit ID: 60890

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Everett Knight
C/o Dock Systems Inc
PO Box 332
Ladson, SC 29456

LOCATION: On and adjacent to Conch Creek at 3310 Jasper Blvd, Sullivans Island, Charleston County, South Carolina. TMS#: 529-08-00-055

WORK: The work as proposed and shown on the attached drawings consists of removing a joint-use dock and constructing a private, recreational dock. Specifically, the applicant will remove the existing dock and build a 4' x 85' walkway, with handrails, leading to a covered 15' x 15' fixed pierhead. Channelward of the pierhead, a 3' x 20' gangway will access an 8' x 20' floating dock. The work as described is for the applicant's private, recreational use. **Please Note:** the adjacent shared dock owner (Disher) seeks similar changes under OCRM-07-281-T.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

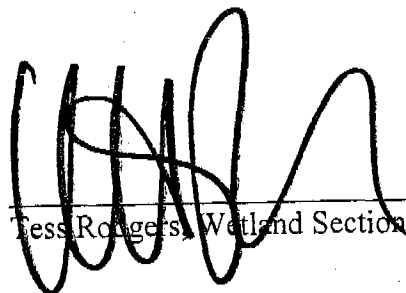

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before December 15, 2007. For further information please contact the project manager for this activity, James Trumbull at 843-953-0218.
